**PAUL FARACI**  
STATE SENATOR • 52ND DISTRICT

Office of the Attorney General of Illinois  
500 S 2nd St.  
Springfield, IL 62704

May 3, 2023

Dear Attorney General Kwame Raoul,

I am writing to express my deep concern about the recent passage of an ordinance by the Danville City Council that prohibits mailing, delivery, and receipt of Mifepristone in the City. This ordinance is a clear violation of the fundamental right to access safe and legal reproductive health care in Illinois, and I am requesting that you take swift action to address this issue.

By prohibiting the delivery and receiving of Mifepristone within the City, the Danville City Council is denying women access to a critical component of reproductive health care. This ordinance deprives individuals of access to safe and legal abortion, creates confusion, and puts health and lives at risk.

As a State Senator, I am deeply committed to protecting the rights and health of all Illinois residents. I urge you to take immediate action against the City of Danville and their unconstitutional ordinance.

Thank you for your attention to this matter and I look forward to hearing from you.
